Notice is given that on April 15, 2010, a Stipulated Consent Judgment and Final Order (Order) in The People of the State of California, ex rel., Regional Water Quality Control Board, Los Angeles Region v. The Boeing Company, Case No. 56-2010-00371686-CU-MC-SIM, was lodged with the Superior Court of the State of California, County of Ventura. Under the proposed Order, the California Regional Water Quality Control Board, Los Angeles Region (Regional Board) seeks civil penalties from The Boeing Company for failing to comply with the terms of its National Pollutant Discharge Elimination System (NPDES) Permit No. CA0001309 at its Santa Susana Field Laboratory (SSFL).
